GRP Handrail Systems

DESIGN

SUPPLY

FABRICATE

INSTALL

FibreForm Grp Handrail provides the look and performance of a custom made handrail system in an easily assembled, cost effective package.

FibreForm Grp Handrail is expertly engineered to use the fewest number of handrail components of any system available facilitating an easier, faster installation.

Posts are pre-routed to accept continuous rails, eliminating the need for extra pieces to connect rails to posts.

In addition, FibreGrid can also offer a full range of key-clamp style composite GRP handrail systems offering a full range of connections to allow on-site tailoring of the frames.

FibreGrid has the capability to turnkey (design, manufacture, fabricate and install) a wide range of GRP handrail projects, from the smallest platform to large complex structures.

## CHARACTERISTICS

- Excellent strength to weight ratio
- Extremely hard wearing and durable
- Lightweight
- Corrosion Resistant
- Easily assembled on site or in the factory
- Low maintenance cost
- Long effective service life
- Rapid installation
- All designed bespoke to British Standards

## COLOURS AVAILABLE

- ✓ Light Grey (RAL 7047)
- ✓ Yellow (RAL 1003)
