GRP Trench Covers

DESIGN

SUPPLY

FABRICATE

INSTALL

Solid Top and Open Mesh GRP Trench Covers suitable for general pedestrian access of 5kn/m2 and vehicle access up to 11.5T. Specified by the UK's leading utility/power companies and tested to meet A15, B125 and C250 loading requirements.

FibreGrid GRP Trench Covers are lightweight, corrosion resistant, non-conductive and maintenance free. FibreGrid can also offer a range of Pultruded interlocking deck and slab panels. Thanks to our in-house design and fabrication capabilities, FibreGrid can tailor GRP Drain Covers to suit any draining layout.

If any on-site alteration is required, our products are very easy to cut on site compared with their metallic or concrete equivalents.
